Location: Tortuga Studio 620 W. Norwood, San Antonio, TX 78212

Website: <https://reverb.com/shop/string-time-guitars>

Artist Statement:

In 2010 I began making cigar box guitars and have expanded to making electric guitars, acoustic guitars, ukuleles, renovations, rejuvenations, restorations, repairs and setups.

I am one of twenty or so members of the San Antonio Luthiers Group, an affiliation of guitar builders, and repair and restoration technicians in the San Antonio area.

I graduated from Auburn University with a Bachelor in Mechanical Engineering. I had a fantastic career with Baxter Healthcare in manufacturing machine design, then product development. I now enjoy stringed instruments as a full time hobby.
